

## THE FUTURE IS LOOKING GOOD!

**Trent Sawyers** is another Northnet Success Story.

Trent is 22, went to Callaghan College in Waratah and also to Kurri High.

By his own admission, school was a challenge and he needed to get his life on track. He needed to provide a future for his little boy Tyler, so he decided that he needed to get some knowledge and qualifications so he could get a “proper” job.

He wanted to do bar work, so he enrolled in a Diploma of Hospitality at Northnet and, encouraged by all the staff and his Trainer Tesla, Trent has now completed his Diploma and will be starting his apprenticeship at Peden’s Hotel.

Trent said that if he hadn’t come to Northnet he would still be trying to find work. His long term aim is to run his own hotel or nightclub and, with his determination and enthusiasm, he has a big chance of making his dreams come true.

In his spare time Trent loves spending time with his son, motorbikes and cars - especially Commodores!
